1. More collaboration between scholars and practitioners
2. Solving puzzles as a guide for conducting research which leads to new academic paradigms for research.
3. Nonprofit Lobbying Research---How does nonprofit advocacy impact philanthropy as well as who benefits?
4. Public accountability and ethics of both the govt, business and nonprofit sectors—B-Corps and other new forms of engagement with the commercial sector.
5. How can our research provide statements of fact to support an engaged “argumentative philanthropists dialogue”?

6. Climate Justice and Global Warming

Thank you for listening
